## TIGER AND LEOPARD

One day, a tiger and a leopard found a piece of meat.

"It is mine!" roared the tiger. "No it is mine." said the leopard.

They began to quarrel. Then they fought. After a while, a wolf came by. Seeing that the tiger and the leopard were busy fighting, he took the meat.

When the tiger and the leopard were finally tired, they rested.

"Where is the meat?" asked the tiger.

"I took it!" the wolf laughed and ran away. The tiger and the leopard could only watch.
